Alderwood Softball Burglarized

July 17. 2013

ASA's Snack bar was recently robbed of all its pop and water supply, all the candy, and chips and beef patties.

To make matters worse the thieves took the two day BBQ supply of hotdogs, burgers and buns and tossed the empty boxes on the roof of the snack bar.

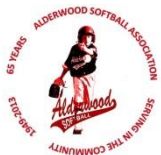

With the help of some of the executives replacement burgers, hotdogs, and buns were picked up at the last minute on Tuesday. We managed to have our BBQ for our T-ball and Mite players. Thanks to Steve & Liza for driving to No Frills, I know the kids appreciate it.

I also would like to thank Brian Montieth for helping pick up supplies at Costco for Wednesday's BBQ and replacement snacks.

As you know we are all volunteers here at Alderwood from the executive to the coaches and the hard work of many who help with special events. Our Snack bar and BBQ help cover cost of the banquet prizes and Blue Jays for our players. It is sad to see that some inconsiderate people would steal and deprive our players. We will push forward to make this still a great year for everyone at no additional costs. We do ask that you keep supporting the snack bar for a better 2013. We are also looking for any prizes you could donate for the player's banquets.
