Serving the community since 1949

*I would like everyone to know that our **BBQ nights** were a success*

*Because of some very **SPECIAL PEOPLE***

That helped us out in a crisis in need for the kids of Alderwood Softball.

Steve D'Alessandro, who help pick up replacement burgers , dogs, and extras on Tuesday and rescued us from almost not having a BBQ for our 3-9 year olds. And he is pretty good with the BBQ we saw ...they ate it all.

Liza Morton, who did the shopping on Tuesday and helped with food preps. And a special note of thanks to her daughters, Taylor & Ashley (former players) who helped with the food preparations.

Brian Montieth, who drove and shopped for all the Wednesday supplies for the BBQ and plus picked up replacement supplies for the snack bar. By the way Brian was looking for all the treats at Costco ...free samples.

Jullie Toddington, who helped wrap burgers and dogs and distributed the food for our kids and parents and also shopped for us for basic needs to make this all happen. She's fast and kept the crowds happy with her fine skills with food orders.

Shirley Asevicus, who donated several cases of water for the kids out playing in the high 90* (35 . 1C) weather. She even walked home to get her car to go shopping for us. You got to love it !

Dave Verge, who committed himself to cooking on the BBQ and never set himself on fire over the two nights. Were impressed over 200 burgers and dogs and no scars.

Nadia Powel & Anne M Little, who helped out in the snack bar sorting out blue jay tickets, sorting out extra food for the BBQ orders, and still maintain order in the snack bar for every day sale. They are so organized in keeping us organized.

These people are very special volunteers because they make this League happen. At the end of the day all said and done these people made it a success for the kids. I know the players' thank you and their parents for making this 2013 season happen for them. I know I do because you stood up to the plate for the people we are here for... the kids!
